“ *"Ann Brown," as she was affectionately known by her closest friends, served the populace of Holmes County with distinction. She was a staunch community organizer and through her resource agency, Community Culture and Resource Center, Inc., Ann touched the lives of many, many people. Seniors citizens of Holmes County (whom she called "the wisdom people") trusted Ann for her vast knowledge of resourcefulness. And she continually served as a liaison between educators, parents, students, and the community at-large. Ann has done her work! She and her husband, the late Coach Charles Brown will long be remembered for their contributions to Holmes County. And congregants of Asia Baptist Church salute her/them posthumously for their works.*
