“ Eraka was a sweet soul and even with her cancer struggles, she would ask me how I was doing with my cancer, and she wouldn't let me tell her I was "ok" when she knew I wasn't. We had this common bond with our cancers and talked a lot about the impact it was having on our lives and our families. I believe we lifted each other up and worked together for that purpose through God's hands. And, then there was football!! We were both huge fans! She loved her Saints and I love my Cowboys!! We had fun bantering with each other during the season. She was fun, caring and will be deeply missed!
