“ We have known Henry Earl for decades (related through marriage) and mourn his loss with you. During a challenging period in our lives, he really stepped up and made himself available to us, more so, than blood relatives. We have never forgot that and continue to speak of it. To eulogy (speak with of) is the point of this post. To let Janice, Jacqueline, and his immediate and extend family how much we valued your Dad and how much that one gesture met to us. (John 14:1)

Henry will be remembered for the kind and gentle person that he was. He was my friend and confidant. His phone call would always be the first on my birthday and all holidays. He loved his family unconditionally and I pray that will give you all some comfort during this difficult time.
