“Gangster, your life was shortly lived, but I am happy to have been there as a dear friend and mother figure, who always told all of you young men that I came to know and love as my very own, about God and changing your lives for the better. Traveling the road of life has many curves and turns in it and if you don't know which way to go, I always told you guys to have a talk with Jesus and ask Him to show you the right way to go and if you listen to His Voice, One that sounds So Powerful, but with Love, and Follow His Guidance just as He instructs you to, you will not go the wrong way. I told you that you needed to change your way of living because your way was not God's Way. Getting caught up in the woes of this life only brings you misery and trouble, and if you don't make your mind up to do right, trouble would catch you like a whirlwind and you will be so caught up until you'll just give up. I told you to Try Jesus and see don't your life change with a clean heart and a clear mind, but you slipped and didn't know how or what to do. Gangster, I told you just what I have always told people, "When your way fails Try Jesus and you will never fail. Invite Him into your heart and ask Him to forgive you for the wrong you have done and ask Him to Save You and He Will. I always told all my children friends this because my children knew already and I hoped you got it too. I Love You , Gangster, but God knew because He knows everything about us all. You're gone now, but I will never forget you guys because I took and accepted you all as my own, and Debra truly Loves You and you all's baby girl, who looks so much like you. Rest on my son and you are missed.
